### **ADT SECURITY SERVICES STATEMENT**

ADT Security Services shares in the community's relief that police in Wichita have arrested a suspect in connection with a string of murders dating back more than 30 years.

It is because of the recent arrest over the weekend and the associated news stories that ADT became aware of Dennis Rader as a suspect.

We can confirm that Rader was an ADT employee who left the company about 16 years ago. Because his employment ended so many years ago, detailed information is more difficult to obtain. Our initial search shows that he was employed from November 1974 to July 1988 in our Wichita, Kansas branch office.

ADT intends to fully cooperate with any investigation.
